

2026 Park Operational & Construction Update

Point Grondine Park Management is pleased to share the following operational and construction updates for the 2026 season.

Construction Update

Winter construction is currently underway on **26 new sites**, including:

- **18 drive-in tent sites**
- **8 RV sites**

This winter construction represents the **first phase of development** and is expected to be completed by **June 26, 2026**.

We are hopeful that **full construction will begin in Spring 2026**, which will include development of the **full campground and eco-resort**, including:

- Welcome Centre / Comfort Station
- RV dumping station
- Discovery Centre
- Remaining Eco Cabins

During construction, visitors may experience:

- **Periodic closures of Mahiigan Miikan (Lake Access Road)** during May and June

Additional updates will be posted as construction progresses.

Campground Operations

Due to ongoing construction, the campground will have a **delayed opening date of June 26, 2026**.

Upon opening, the park will offer:

- **12 campground sites**
- **8 non-serviced RV sites**
- **1 Eco Cabin**

The **Eco Cabin** will be available for bookings beginning **May 15, weekends only**.

The **Backcountry Camping** will be open May 15th, 2026.

Additional Amenities

- **Showers and RV pump-out services** are available at **Killarney Provincial Park** with a valid campground permit.

Visiting Point Grondine- Wiikwemkoong Unceded Territory

We welcome visitors to our lands and invite you to experience the serene beauty of our First Nation territory. As a valued visitor, we appreciate your commitment to meaningful reconciliation that supports **economic reconciliation, cultural reclamation, and responsible land stewardship** on our lands.

Thank you for your understanding and continued support. We look forward to welcoming you during the **2026 season**.
